CAREER OBJECTIVE:

Looking for an organization where I can enhance my knowledge and from theoretical learning give my best to the organization.

WORK EXPERIENCE:

I have experience in CRO (clinical research organization) as a quality analyst for 5 months (February 2021 to June 2021) in CPQA departments.

ROLES & RESPONSABILITIES:

- My main role is to provide the sufficient degree of confidence to all concern products and collectively influence the quality of a the same.
- We proactively monitor the equipment's and facilities of the product to detect if there are any issues.
- All the production procedures are reviewed end to end to ensure document accuracy before carrying out the process.
- Before giving a product to a subject we ensure that the drug is appropriate and validate its expiry date.
- We also monitor the effectiveness of the product and also analyze the adverse effects of the subject by continuous analysis and note all the reactions occurred and any effects if they are any.
- Then the product is approved after complete analysis of the subject is performed.

EDUCATIONAL QUALIFICATIONS:

| Qualification | YEAR | INSTITUTE | PERCENTAGE |
|------------------------------|-------------|--|-------------------|
| M.PHARMACY | 2018-2020 | Gokaraju Rangaraju college of pharmacy | 80% |
